

UNICEF PROMO VIDEO Instructions

The “UNICEF PROMO VIDEO” is a brief video about the Change for Good program and includes highlights of the Champions' latest UNICEF field visit.

Please introduce the video at the end of your Champions P.A. and inform the passengers of the channel for the audio, as it is available via headsets only and not over the P.A. system.

The video does play over the overhead monitors, so please make sure all the monitors are turned on.
