Trick-or-Treat for UNICEF

Help eliminate Maternal and Neonatal Tetanus (MNT). More than 100 million women of child bearing age need to be vaccinated. Approximately $1.80 will provide the 3 vaccine doses and other activities needed to protect a mother and her future newborns from this painful and deadly disease. Funds raised through Trick-or-Treat for UNICEF by the Kiwanis Family will support The Eliminate Project.

ELIMINATE
maternal/neonatal tetanus
