

for every child

UNICEF: FOR EVERY CHILD

© UNICEF/UNIS50973/POUGET

For over 75 years, UNICEF has been relentlessly working day in and day out to deliver the essentials that give every child an equitable chance in life: health care and immunizations, safe water and sanitation, nutrition, education, emergency relief and more. And we never give up.

UNICEF has a presence in 190 countries and territories, carrying out programs, fundraising, and advocacy to protect the rights of children and provide low-cost, high-impact, sustainable solutions. **Since 1990, these efforts had helped slash child mortality rates by nearly half.**

UNICEF USA advances the global mission of UNICEF by rallying the American public to support the world's most vulnerable children, providing major fundraising

and advocacy support. Together, we have helped millions of children be healthy, safe and educated, every year, in over 190 countries around the world.

UNICEF receives no funds from the United Nation's member-states dues and so relies on voluntary contributions. More than 87 cents of every dollar spent by UNICEF USA supports UNICEF's work helping the world's most vulnerable children and their families.

RIGHT NOW UNICEF IS PROVIDING CHILDREN WITH . . .

- EMERGENCY RELIEF:** In 2021, UNICEF responded to 483 new and ongoing humanitarian situations in 153 countries.
- EDUCATION:** In 2021, UNICEF scaled up interventions focused on continuity of learning during school closures and getting learning back on track. UNICEF reached 48.6 million out-of-school children -- half of them girls with education.
- HEALTHCARE:** UNICEF annually procures enough vaccine to reach 45% of world's under-5 children. In 2021, UNICEF managed the delivery of more than 884 million COVID-19 vaccine doses to 110 countries.
- NUTRITION:** UNICEF works to prevent malnutrition, promote breastfeeding, and respond to severe acute malnutrition by providing between 75-80% of the global demand of therapeutic food treatment.
- WATER, SANITATION, AND HYGIENE (WASH):** In both development and humanitarian settings, UNICEF helps provide safe water and improved sanitation and hygiene services.
- CHILD PROTECTION:** UNICEF works to end child marriage, labor and conscription, and unite families after disaster.
