Help put children first

When I first became part of the UNICEF family I hadn't slept in a tent for 25 years. That changed as my job took me to over 30 countries — witnessing conflict zones, disaster areas and refugee camps. I have found two things to be true in every place that I visited: First, I've been delighted to find that no matter where you are in the world, if you sit down on the ground, your lap will be filled by a child! Usually the child will just plop him/herself down but will almost always thank you for the seat with a huge hug before getting up. And second, I have seen that as parents, we all want the same things for our children—we want them to be safe, to be healthy, educated, loved and confident enough to dream really big dreams that as parents we hope we can help them to achieve.

These similarities are not defined by economics or borders, but simply by humanity. Yet, even with these same hopes and desires, each and every day, more than 17,000 children die from causes we already know how to prevent, but have not been enabled to. This is why UNICEF needs you to put children first until that number is zero.

Your purchase can make a difference

By selecting UNICEF cards and gifts for your clients and colleagues, you are offering hope to children. **91 cents of every dollar the U.S. Fund for UNICEF receives goes directly to global programs that can help children in crisis.** Let's all stand together and put the world's children first.

From the U.S. Fund for UNICEF and from the world's children for whom your support provides a renewed chance at life, thank you.
