Vision for Children
Ask Candidates to Share Their Vision for Children in the United States

Mobilize your community to vote #ForEveryChild.
In the upcoming election, use your vote to advocate for children in the U.S. and abroad.

Through our Civic Action Center, you can...

Step 1: Check if you’re registered to vote, and, if not, register.

Step 2: Review your candidates and elected officials. Check out their websites and social media pages. Where do they stand on issues critical to children’s wellbeing?

Step 3: Confirm your voter information, including your polling location and your state’s rules for absentee and mail-in voting.

At UNICEF USA, we believe that policymakers who put children first—and listen to their voices—make better decisions for our communities and our country.

Every child has the right to make their voice heard on matters that affect them. Yet only one in three children in the U.S. feel included in the political process.

Call on the 2020 presidential candidates to prioritize children and involve young people in developing their platforms at:
