

WHAT IS HUMAN TRAFFICKING?

Human trafficking is a form of modern-day **slavery** that **subjects children, women, and men to force, fraud, or coercion** for the purpose of commercial **sexual exploitation** or **forced labor**. This horrific practice can include **prostitution, pornography, and sex tourism** as well as **labor** for domestic service, factory or construction work, and **migrant farming**.

Human trafficking rates are particularly high in California, Texas, Florida, and New York.

Victims suffer from **physical, emotional, and sexual abuse** and rarely have access to an education or to health care.

Anyone can be trafficked regardless of class, education, gender, or age when forcefully coerced or lured by false promises.

Supply & Demand

The high demand for cheap goods and commercial sex puts children around the world at risk of becoming the "supply."

Labor trafficking occurs in a wide variety of industries. **Sex trafficking** is facilitated in numerous ways.

Human trafficking is the 2nd largest criminal industry in the world reaping an estimated **\$32 billion** in the trade of human beings.
